

# Heavy-Duty Designer Series Deadlatch Handles

## Strong and Stylish

The 4600 Heavy-Duty Designer Series Deadlatch Handles combine aesthetics, functionality and strength in a sturdy compact package crafted to match the clean lines of a narrow stile door. Offering a wide range of lever designs and architectural finishes, the versatile 4600 Series will enhance the most upscale, contemporary door systems.

The 4600 Series is designed to operate with 4300, 4500 and 4900 Series latches as well as the Dual Force 2190 and 2290 interconnected locksets with either an upward or downward motion. The 4600 is shipped handed but can easily be reconfigured to accommodate either door swing\*, and the patented adjustable drive mechanism allows the escutcheon to be set back from the door edge at installation, to provide additional clearance.

Adams Rite has long been recognized as a leading manufacturer of hardware for aluminum entrances. With 11 lever styles and seven finishes, the 4600 is a strong yet stylish addition to these contemporary door systems.

\* The MV and MN Designer handles cannot be re-handed.
