ASSA ABLOY

Press Release

ASSA ABLOY Invites Security Professionals to 'Open What's Next' at ISC West 2019

The global leader in access solutions will host educational sessions and booth activities focused on the future of the industry

LAS VEGAS, Nevada, April 5, 2019 — At ISC West 2019, ASSA ABLOY will demonstrate what's next in the rapidly changing security industry with on-the-ground educational and engagement opportunities, including its in-booth (#8061) Technology Center, Systems Integrator Breakfast and training sessions.

"As the modern security landscape continues to evolve, it's critical for industry professionals to stay ahead of emerging trends and challenges," said Mark Duato, Executive Vice President of Aftermarket Solutions at ASSA ABLOY Door Security Solutions. "With deep expertise and a comprehensive portfolio of solutions, ASSA ABLOY has always been a resource for security professionals navigating this complex industry. We're excited to return to ISC West this year and give attendees a look at what's next."

Special Events

ASSA ABLOY's annual press conference will highlight how the company is evolving with new product innovations, new areas of business and new offerings. The press conference will be held in the ASSA ABLOY booth on April 10 from 11–11:30 a.m. PT.

The 15th annual ASSA ABLOY Opening Solutions Systems Integrator Breakfast will give attendees a behind-the-scenes look at the innovative approach the City of Atlanta took to create a safer, easier experience for residents and visitors ahead of one of the largest sporting events in the world. The breakfast will take place at The Venetian on April 11 from 8–9:30 a.m. PT. Seating is limited. Reserve your spot here:

In The Booth

In addition to the broad range of products and solutions on display, visitors to ASSA ABLOY's booth can explore the Technology Center for a demo of the support resources available to them, including:

- ASSA ABLOY Customer Support App, which provides immediate and intuitive troubleshooting, e-learning and support.
- BILT® app for easy-to-use 3D installation instructions for ASSA ABLOY products.
- ASSA ABLOY Academy website for training and education resources.
- ASSA ABLOY Openings Studio™ which offers users integrative BIM software tools for designing, building and managing openings that can be used throughout the lifecycle of a building.

Attendees can also participate in ASSA ABLOY's annual USO Bag Build by packing supplies for military personnel leaving for or returning from deployment and awaiting the arrival of their personal luggage.

Educational Sessions

ASSA ABLOY will host and participate in two educational sessions:

- [Introduction to Access Control Wiring](#) is an entry-level lab course designed to explain the basic electronic knowledge needed to wire an access control system. The lab will take place on April 9 from 1:30–4:30 p.m. PT in Sands 210.
- [In Between the Lock and Controller: Why Wireless Locks Are Changing the Game in Access Control](#) is a panel session that will address solutions for design and environmental issues impacting physical access control systems. The panel will take place on April 11 from 11 a.m.–12 p.m. PT in Sands 304.

Attendees can add these sessions to their calendar by logging onto the ISC West 2019 website [here](#).

ASSA ABLOY's sister companies will also be onsite, including HID Global (booth# 11063), Alarm Controls (booth# 4050), Ameristar (booth# 9073), Traka (booth# 6103), and August (booth# 32067).
