## Adams Rite Forges New Ground in Glass Market with RITE Touch Digital Glass Door Lock

LAS VEGAS, NV – *April 2, 2014* – Adams Rite, an ASSA ABLOY Group company, is showing the RITE Touch RT1050D digital glass door lock at ISC West 2014, offering a surface-mounted, keyless alternative for glass openings. The RITE Touch will be on display in the ASSA ABLOY booth #8061 at ISC West in the Sands Convention Center, April 2-4, 2014.

“Glass doors in the office category are a growing demand, and integrators are looking for an answer that’s fast and simple to install but makes a gorgeous design statement,” said Scott Baker, President of ASSA ABLOY EMS & OEM Group. “The RITE Touch is the perfect solution for these indoor applications, combining elegant aesthetics with the latest touch screen technology for the ultimate balance of style and security.”

With a thin, low profile design and sleek mirrored user interface, the RITE Touch offers sophisticated styling and convenience for any indoor application. Installation is quick and easy, without the need of any holes or modifications to the door. The lock offers flexible access control with single or double glass door compatibility and dual credential access control via card reader or personal PIN code.

The RITE Touch includes a fire detection sensor, break-in and damage alarm, is electronic shock resistant and features a dual action, safe thumb turn. It is battery powered, emergency access power capable and provides an automatic locking feature option. Each RITE Touch comes individually boxed with mounting plate, AA batteries (x4), credential cards (x4), single door magnet, bolt extensions, thin door plate, and mounting screws.

## **ABOUT ADAMS RITE**

Over 115 years old, Adams Rite Manufacturing Co., an ASSA ABLOY Group company, designs, manufactures and markets door and door hardware products to the commercial, industrial and institutional building construction industry and is recognized as one of the leading suppliers in its area of specialization.
